

Service Technician - Security Systems

Company: Tech Systems

Description

Since 1987, **Tech Systems'** core competency has been the design and integration of security systems and products complemented by excellent customer service. We are based in Atlanta, GA with branch offices in Southern California, Denver, Lexington, Houston, Nashville and Raleigh and serve clients on a national basis with employees located in eighteen states. We are seeking career minded security system **Service Technicians** to fill immediate openings in the Houston, TX area.

At Tech Systems we realize that a security management system is only as good as the company that provides it. While our accomplishments in the design and integration of electronic security systems continue to be rewarding, our philosophy to provide the highest level of customer service remains our greatest achievement and has earned us the first ever SDM Magazine, Integrator of the Year award in 2004.

Visit us at www.techsystemsinc.com to learn more about our Team and read the SDM Article "Going to Extremes."

Job benefits include:

- Competitive hourly and salaried packages
- Matching 401K
- Health plans for the employees and dependents
- Paid vacations and personal leave
- Company Vehicle or vehicle allowance
- Product Certifications and Vocational Assistance programs
- Excellent Career Advancement potential

*As a **Service Technician**, you will be required to provide service and support for PC based Access Control, CCTV, Security Systems and related equipment.*

To Apply:

If you are interested in becoming part of the Tech Systems team, please email your resume and cover letter to Erin Rose at ERose@TechSystemsInc.com. Acceptance of a resume for interview will require an electronics exam, for a baseline reference of knowledge as part of the interview.

Individual will be responsible for becoming security licensed within first 6 months of employment.
